OBJECTIVE

Software engineer Internship

EDUCATION

- **PUCPR** - Pontifícia Universidade Católica do Paraná
  - Bachelor's Degree in Software Engineering – 4th semester – Evening classes
  - Expected graduation: December 2027

TECHNICAL SKILLS

- **Java** – Intermediate/Advanced
- **Spring Boot** – Basic/Intermediate
- **MySQL** – Intermediate
- **Git & GitHub** – Intermediate/Advanced
- **JavaScript** – Basic
- **HTML5 & CSS3** – Intermediate/Advanced
- **Tailwind CSS** – Intermediate
- **Python** – Basic
- **Figma** – Intermediate
- **Requirements Engineering** – Intermediate/Advanced
- **Agile Methodology (SCRUM)** – Advanced
- **English** – Intermediate

SOFT SKILLS

- **Resilience** – Ability to maintain performance under pressure, setbacks, or changes
- **Adaptability** – Ease in dealing with changes and new challenges
- **Discipline** – Consistency and commitment to routines and short-term and long-term goals

ACADEMIC EXPERIENCE

- Undergraduate Research (**PIBIC**) – PUCPR

  Research topic: Knowledge Management and Sharing in Software Studios

  - Participation in a scientific research project focused on knowledge management and sharing in the learning process of students in collaborative environments.
  - Conducted literature reviews, critical reading, and analysis of scientific articles.
  - Developed academic writing skills according to technical standards (ABNT).
  - Used tools such as Microsoft Word for structuring and organizing academic texts.
  - Planned and monitored project phases, ensuring deadlines and goals were met.

ADDITIONAL COURSES

- **Academic Week** – PUCPR | Software Engineering | Lectures:
  - Exati: Transformando a gestão de Cidades Inteligentes por meio da tecnologia
  - PUC Carreiras - LinkedIn para Todos: Como Iniciar e Aprimorar seu Perfil
  - Ligga - Poliweek PUCPR 2024
  - Proteja Suas Aplicações com o OWASP Top
  - IA na Prática: Como Reinventar Aplicativos Modernos
  - Painel de Empregabilidade

- **Java POO** - Curso em video
- **Linux Unhatched** - NDG
- **GIT: do básico ao avançado** - PUC-PR

VOLUNTEERING WORK

- 2024 Brazilian Congress on Software: Theory and Practice – **CBSOFT**

  Activity: Provided support in organizing the theaters, assisted speakers before and during presentations, guided and attended to participants, and collaborated with the overall organization of the congress.

- 2024 Ibero-American Congress on Software Engineering – **CIbSE**

  Activity: Provided logistical support in presentation rooms, assisted speakers with technical resources and scheduling, supported participants with general guidance, and managed front desk duties at the conference office.
